The sole purpose of the student council is to serve the students. We, the student council representatives of the student body, are chosen by them to work in connection with the faculty to make our school a better one.

We hope we have fulfilled our purpose and have made this a more profitable and pleasant school year for you. We have sponsored several assemblies, recreational activities, and school parties.

At the beginning of the '62-'63 school term, an orientation assembly for the freshmen was held. At this time student representatives highlighted the different organizations of our school, and freshmen and new students chose big brothers and sisters to acquaint them with the "must do's," "should do's," and positively "must not do's" of our school.

GRADUATING CLASS OF 1963

GRADUATION

Your courses have been long and trying,
Discouragements often you've faced;
But you've kept to your task without faltering,
Determined to finish the race.

Some friends may have dropped by the wayside,
Because they were tossed by life's storms;
But you've kept the Book of Life open,
Determined to win the bright crown.

Today is your final commencement,
You've finished with honors your task;
Now He, your great Teacher has called you
To Heaven's high honors at last.
